## **Our Vision:**

The Cloverbud program is a noncompetitive, fun, informal educational program to acquaint youth with 4-H. Cloverbuds participate in specially-designated activities where youth are not evaluated, but rewarded for the learning experience. The emphasis of Cloverbuds is to help each child grow and develop

at his or her own pace and sample the many opportunities provided by 4-H. As a result of their participation, the child is more informed about project selection when they enroll as a 4-H member at the age 7. There's something for everyone in Cloverbuds!

Youth ages 5-7 can enroll as clover buds. Parents are encouraged to take an active role in their child's Cloverbud experience. The Cloverbud program reaffirms a child's potential by providing opportunities to learn and succeed and by celebrating their accomplishments.
