

4-H Dutch Oven Cooking Contest Rules

General Guidelines

1. Know and practice safe food handling procedures. For more information on safe food handling procedures, refer to the Educational Resources section of the Food Showdown website.
<https://4h.okstate.edu/events/food-showdown/index.html>
2. Good hand washing practices are recommended. Best practice is to use 3 separate basins: one for washing, one for rinsing, and one for hand washing.
3. Keep all refrigerated items in coolers.
4. Teams should start with clean equipment and use clean cooking practices.
5. The committee will do their best to provide a 10 x 10 foot space for each team. All of your equipment must fit within this space.
6. **All cooking must be done in a Dutch Oven** and everything cooked must be presented to the judges in the Dutch oven with the exception of excess gravies and sauces. Removing burnt or undercooked sections of food may result in point deductions or disqualification. Team members will serve the judges a small sample of their dish. Plates, bowls, eating utensils, and napkins will be provided for the judges.
7. The principle of "Leave No Trace" should be practiced. For basic information on this concept, please refer to <http://www.Int.org/programs/principles.php>
