Duds to Dazzle: this contest consist of members working in teams of 3, receiving a textile item to recycle and re-create a new product using elements from the supply closet; all in just 60 minutes. The teams then showcase their recycled product in a presentation to the judges. You may also be tested on what you have learned about the clothing & textile industry. This contest allows participants to exhibit knowledge and skills gained through their 4-H Fashion & Interior Design project by designing, constructing, and presenting a finished product. Promote teamwork. Assist youth in gaining an appreciation for recycling textiles to avoid ending up in the waste stream.
