

To locate the most current rates and coverage...

Go to the "Submit Activity" page (<https://www.aillife.com/specialriskdivision/activityreport>).

Select "4-H & Cooperative Extension Service" as the Organization Type in the dropdown. This will cause the screen to show the "View Rates" button next to "Rate" in the lower right corner. Click to see individual plans (rates and coverage).

The screenshot shows the "Special Risk Division Activity Report Form" on the American Income Life website. The form is titled "Special Risk Division Activity Report Form" and includes instructions: "To send us your activity report for upcoming events, fill out the form below. Please choose your organization type before entering your information. When finished, click 'Submit' at the bottom of the page." It also states: "All group participants must be included for coverage." and "Have questions? Visit our FAQ section." Below this, there is a dropdown menu for "Organization Type" which is set to "4-H & Cooperative Extension Service". Below the dropdown are several input fields: "Organization", "Mailing Address", "Contact First Name", "Contact Last Name", "Mailing Address 2", "Group Name", "Phone Number", "City", "State", "ZIP Code", "Country", and "Email". A "View Rates" button is circled in red, and a red arrow points to it from the dropdown menu. Below the form, there is a table with the following columns: "Activity Description", "Start Date (mm/dd/yyyy)", "End Date (mm/dd/yyyy)", "No. of Days/Participants", and "View Rates". The "View Rates" button is circled in red. Below the table is an "Add Row" button.
